On the ball with the Manager

through the last three or four years.

I can guarantee the fans that the best team will go out on the field according to our resources. We don't want money in the bank here at Burnden other than for keeping the ground in order. The rest will be spent on the team.

I would like to say a word to the younger element among our support. We want to beat other teams on the field not off it.

Now we are back in the First Division the spotlight will be on us more and I hope everyone will co-operate in making the whole set-up one of which we can all be proud.

First of all, I would like to welcome our fans back to something we have been awaiting for a long time.

It has taken Bolton Wanderers 14 years to get back in the First Division.

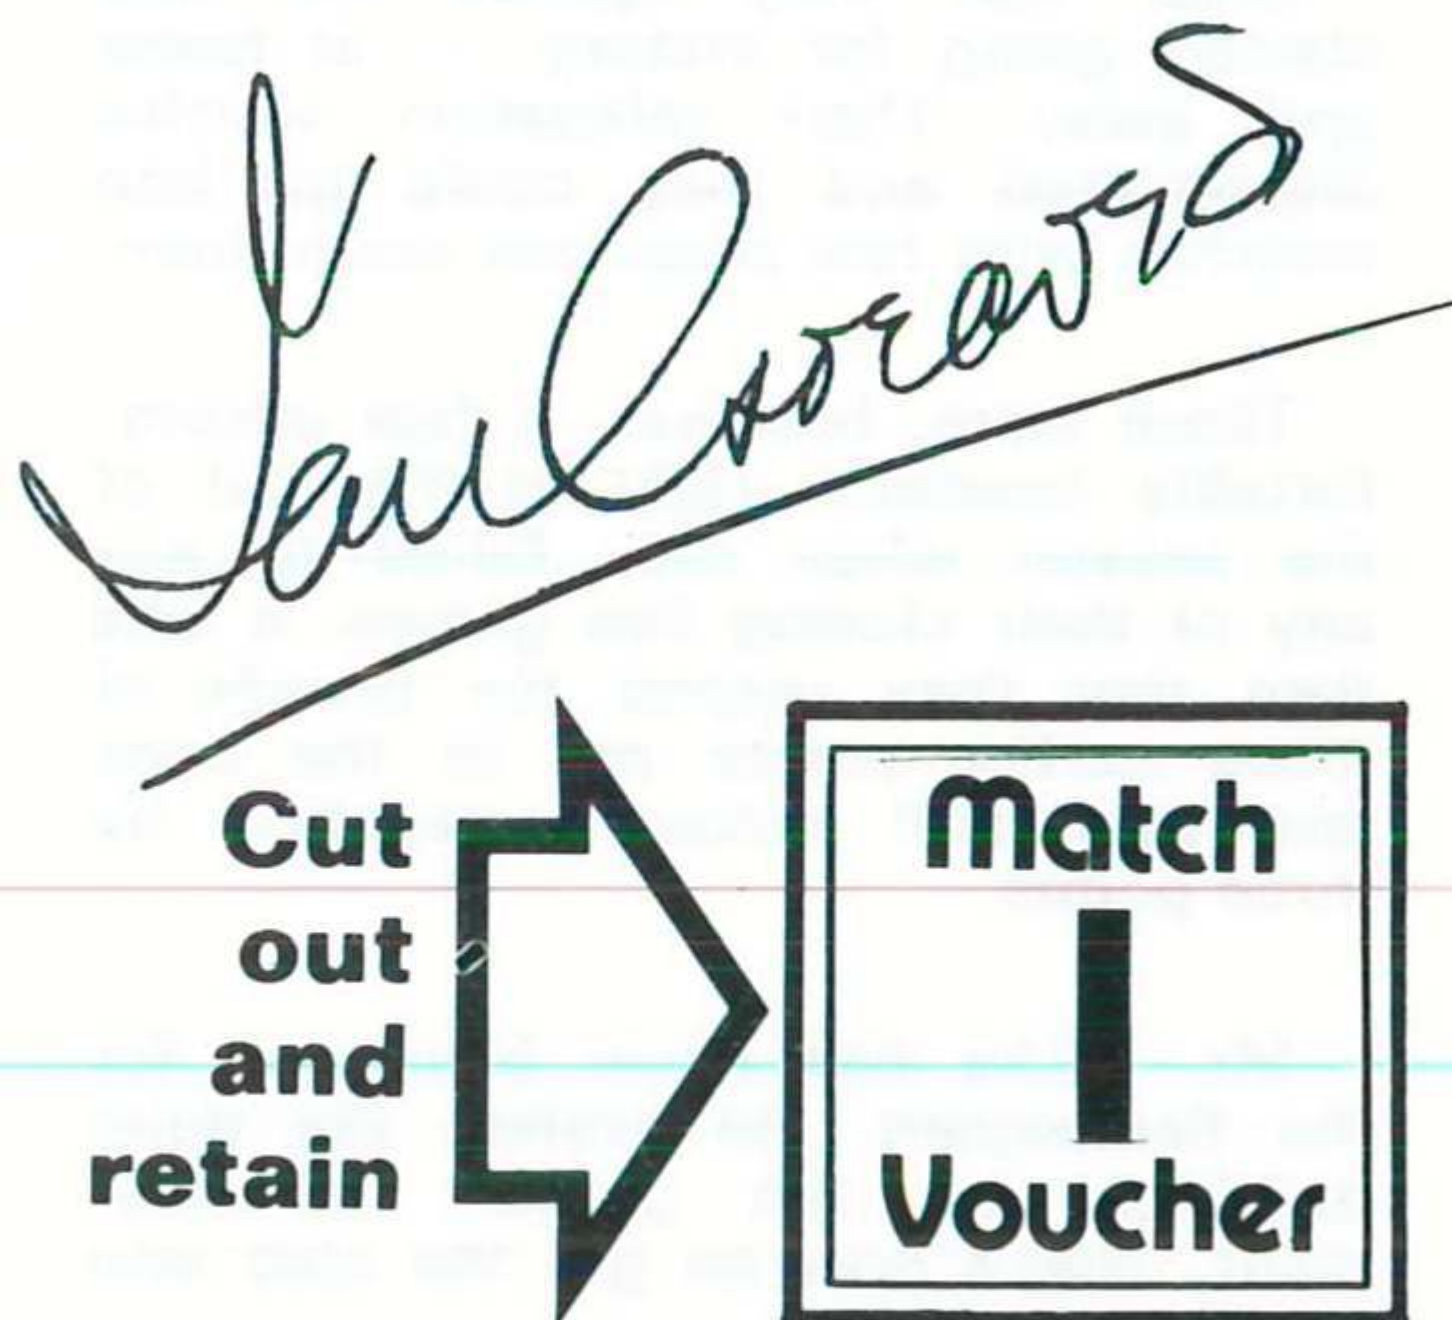

I have never set targets. The only one really is to win every game. Anything less would be a defeatist attitude which we haven't got here at Burnden.

Sir Matt Busby once said to me: "Aim for the sky and you hit the ceiling. Aim for the ceiling and you fall flat on the floor."

We have an enormous task ahead of us and that has been made clear in the pre-season games. Nothing less than hard work will do — the sort of hard work which has taken us

Welcome to...

Success in football often owes as much to psychology as it does to skill and tactics and one of City manager Alan Dicks' biggest problems, when the club returned to Division One after a 55-year absence in 1976, was to convince his players that they could meet all the famous clubs on equal terms.

A glorious start to their First Division programme — a fine 1-0 win at Arsenal, seen by millions on television — helped him to a degree. Even so he had to do a lot of talking towards the end of the season and, on that occasion, it was only a last-match draw at Coventry that kept them up.

Now, however, his players have come to terms with their new status. "We go into all our matches on equal terms," said Mr. Dicks. "We have no inferiority complex and, with two seasons of First Division experience behind us, we can now adopt a more positive outlook."

During the first half of last season, for instance, City went into all their away games looking for a draw. But it didn't work. They scored only three goals, and collected only five points, from their first 13 away games.

After that they opened out and started going for victory — at home and away. Their relegation worries disappeared and they could go into matches with few pressures upon them.

There were, however, a few uncomfortable moments right at the end of the season when they failed to win any of their closing five games. It was then that they reaped the benefit of those earlier points put in the bank and they still missed relegation by three points.

Mr. Dicks has never been one for the flamboyant. He prefers the quiet build-up and the gradual improvement. That's how he got the club into

the First Division, and that's how he intends to keep them there.

His record in the transfer market is impressive. When the team was struggling in its first season of First Division play, he made shrewd signings in each department.

Norman Hunter, of Leeds and England fame, has proved an outstanding buy at £40,000 and has completely transformed the defence. Peter Cormack, a former Scottish international, was bought from Liverpool for £50,000 and has played an important role in midfield while Chris Garland, who began his career with City, was re-signed from Leicester for £110,000 to add power to attack.

Unfortunately, Garland was injured early on last season and was out for several months so Mr. Dicks went into the market again to sign former England centre-forward Joe Royle from Manchester City for £90,000. During the summer he signed yet another international, ex-England left-back Terry Cooper, from Middlesbrough for £20,000.

Now the manager has a wide choice of players in attack and it remains to be seen if he will continue with top scorer Tom Ritchie and Joe Royle in the middle or whether Chris Garland will return in this role or, possibly, playing a deeper game.

The latter might be the answer, at least in the early weeks when midfielder man Gerry Gow is under suspension. Gow had been locked in a pay dispute throughout the summer but, when this appeared to be settled, he learned that, having topped the 20 disciplinary point mark, he has to miss the first three games.

If Trevor Tainton and Clive Whitehead remain as sort of deep-lying wingers, Garland and Peter Cormack, or Jimmy Mann, could occupy the remaining two midfield places.

BRISTOL CITY

Back Row (left to right): Howard Pritchard, Tom Ritchie, John Shaw, David Rodgers, Gary Collier, Joe Royle. Centre Row: Bill Heather (Physiotherapist), Jimmy Mann, Norman Hunter, Peter Cormack, Ray Cashley, Chris Garland, Allan Hay, Clive Whitehead, Ken Wimshurst (Chief Coach). Front Row: Kevin Mabbutt, Trevor Tainton, Geoff Merrick, Alan Dicks (Manager), Gerry Gow, Gerry Sweeney, Donnie Gillies.

With Geoff Merrick probably unavailable because of injury — there was also a slight doubt over Norman Hunter — the back four is likely to line up: Gerry Sweeney, Gary Collier, Hunter (or David Rodgers) and Terry Cooper.

One player it is always so invaluable to have around in such circumstances is Don Gillies who has performed with equal distinction for City at right-back, centre-forward, mid-

field — indeed, almost anywhere.

Goalkeeper John Shaw was poised to continue as the number one choice in front of Ray Cashley.

We last met City during their 1975/76 promotion campaign, a late goal by Neil Whatmore giving us a 1-0 victory at Burnden Park. On the opening day of the season we had been beaten 0-1 (Sweeney penalty) at Ashton Gate.

JOHN SHAW (Goalkeeper): John thought his First Division chance had disappeared when he was released by Leeds in 1974 without getting an opportunity in their first team. Even at Bristol City he was in the reserves for two years. But, once he was called up for his First Division debut two seasons ago, he performed so well that he has since remained first choice.

GARY COLLIER (Defender): Bristol-born Gary joined City straight from school, rose to first team status in 1972/73 and for the past five seasons he has been turning in some impressive performances at the heart of the City defence.

NORMAN HUNTER (Defender): Norman's vast experience pulled the City defence together at a critical time, soon after their promotion to the First Division in 1976, and he has more than repaid the £40,000 City paid Leeds for him. At Elland Road Norman was a member of all Leeds' trophy winning teams in Don Revie's era and he was picked for England on 28 occasions.

TERRY COOPER (Defender): City signed Terry, another former Leeds and England player, from Middlesbrough for £20,000 this summer. Terry began as an outside-left, then developed into one of the country's greatest left-backs. A broken leg hindered his career though he did make an England come-back to win his 20th cap. With his many medals a happy reminder of the good days, Terry left Elland Road for Middlesbrough for £50,000 in 1975.

PETER CORMACK (Midfield): Peter commenced his top-class career with Hibernian back in 1962/63 and he played for Scotland at amateur, under-23 and full international levels. While with Hibs, he was also picked for the Scottish League XI. Nottingham Forest paid £85,000 for him in 1970 and two years later they sold him to Liverpool for £110,000. He was a member of Liverpool's F.A. Cup winning team in 1974 and two years ago he took all his experience down to Ashton Gate in a £50,000 deal.

DAVID RODGERS (Defender): David is another City discovery. He made his League bow in 1970 and in 1972/73 and the following season he held a regular place. Since then, however, he has reverted to deputy but has always performed well when called in for injured central defenders.

JIMMY MANN (Midfield): Jimmy spent several seasons with Leeds but got only very rare chances in their senior side. He joined Bristol City in 1974 and has now firmly established himself in midfield.

DON GILLIES (Midfield/Defence): Don can play with equal effectiveness in defence or midfield and has even had a go in attack. He was Morton's top scorer in his two seasons with them and Bristol City paid £30,000 to sign him in 1973.

TREVOR TAINTON (Forward): Trevor is one of City's longest-serving players. He came into their League eleven in 1967/68 and has been a fixture in the side, either as a winger or in midfield, for nine years.

TOM RITCHIE (Forward): Tom was City's leading scorer with 12 goals last season. He began as an amateur with the club, made his League debut in 1972/73 and previously finished top marksman in 1975/76 with 18.

JOE ROYLE (Forward): Joe made a fabulous debut for City last season, following his £90,000 transfer from Manchester City, by scoring all four goals in the 4-1 win over Middlesbrough. Though he scored only four more all season, he was very successful as target man. Joe, who has six England caps, was on four occasions Everton's top scorer until joining Manchester City for £200,000 in 1975.

CHRIS GARLAND (Forward): Chris missed nearly all of last season through injury. He began with City but transferred to Chelsea for £100,000 in 1972. Leicester paid a similar fee for him three years later and City increased it to £110,000 when they took him back to Ashton Gate in 1976. He is an England under-23 international.

With the Juniors

There has been plenty of activity behind the scenes in the build-up period to the new season and five new apprentices have been signed.

Striker Geoff Langley comes to the Wanderers from Newcastle and Ian Musson, a midfield player, is from Chesterfield.

Former Manchester Schoolboys striker Graham Palin is another new signing and Welsh Schoolboy international Keith Owen, a midfield player from Bangor has also been snapped up by Chief Coach Jim Conway and his staff.

The fifth new arrival is Keith Mayer, a defender from Wigan and he was originally on schoolboy forms along with Ian and Graham.

This means that the Wanderers have a dozen apprentices and three of them will be turning full professional in the near future — they are Roy Heaney a full-back from Liverpool, Phil Wilson from Wakefield who plays in midfield and Bury-born defender Craig Wardle.

The fact that the first team squad have made calls on the younger players because of injuries and players being abroad means that the average age of the reserves and 'A' team has dropped even further.

In spite of this they beat York City 3-0, Bangor City 2-1 and Rochdale 4-1 with their only defeat against Stafford Rangers when they went down 2-1.

It all adds up to the future looking bright on the junior side at Burnden Park and this column will keep the fans in touch with what is going on at reserve and 'A' team level.

Can you please tell me why the game against Manchester United at Old Trafford this season was brought forward from Good Friday to Wednesday, April 11? — R.J., St. Helens Road.

***This was done at United's request.**

I understand there has been a change in the offside Law during the close season which states that players cannot now be "played on" by an opponent and that the moment of the offside will be when a colleague last plays the ball.

The decision to make the change came from the world governing body FIFA, but I feel that they would have done themselves and the game a favour if they had also considered the aspect of offside which causes a lot of controversy, i.e. that of a player who is technically offside but not interfering with play.

How many times have we seen goals disallowed because of this when the offending player has no chance of

interfering with play? — John Franks, Bridge Street, Bolton.

***This would surely benefit from coming under the scrutiny of FIFA.**

It is a pleasure to see the Wanderers back in the First Division after such a long spell. I first started to watch the side during the Second World War and went to Wembley for the Cup Finals against Blackpool in 1953 and Manchester United in 1957.

As we all know, the Wanderers have still to win the First Division championship. So may I wish the players all the best for the new season and express the hope that it isn't too long before they take the premier prize. — R.P., Leigh.

***And so say all of us!**

A £15,000 deal took much-travelled winger Hugh McAuley back to Tranmere recently from Charlton. McAuley joined Tranmere, moved from there to Plymouth and on to Charlton before his return to Merseyside.

Glenn Roeder, the midfield man who impressed against Bolton in Division 2, will be coming up against the Wanderers again this season. Queen's Park Rangers paid £250,000 to Orient to take him a few miles across London.

* * *

Goalkeeper Mervyn Cawston, who vied with Roger Hansbury, who had a loan spell with the Wanderers, for the job of No. 2 goalkeeper to Kevin Keelan at Norwich has joined Southend United, newly promoted to Division 3.

Proving that 'jet set' deals aren't the preserve of the top divisions, Southend manager Dave Smith flew to

the U.S.A. to sign Cawston from the Chicago Stings.

Hansbury, meanwhile, is on the injured list and wasn't fit for the big kick-off.

Cawston replaces Neil Freeman in the Southend goal. 'Unknown' Freeman was signed last month by Birmingham City for £100,000.

Former Blackburn manager Jim Smith was one of the busiest close season 'wheeler dealers' with Alan Ainscow joining Brum from Blackpool and Stewart Barrowclough from Newcastle.

However he failed to make it a double signing from Blackpool. They refused his bid for Eire international Micky Walsh and he went to Everton instead.

Barrowclough wasn't the only player to leave relegated Newcastle, fellow winger Micky Burns going to Cardiff.

Development Association — IT REALLY MATTERS!

Once again a new season is upon us, a season which will prove to be a very important one for Bolton Wanderers Football Club.

The commercial department intend to play their part in the new campaign by increasing the level of their off-the-field fund-raising activities to an all-time high. To do this we will require YOUR help. If you can give a little of your time each day to collect subscriptions and/or sell tickets then you can become one of the best team of agents in football today.

You've heard it all before, in fact its been repeated time and again over the years, but nevertheless it does not make it any less true. The pattern of football has changed constantly in the last 30 years, but never more so than in the seventies. Regrettably football has become less of a sport and much more of a business, however it is still a game which in one way or another enrages, fascinates, disappoints and generally arouses untold passions in millions of people throughout the world. It is a business that is always with us and one that we would all hate to see die. Because of spiralling costs, dropping gates, football finds difficulty generally in keeping itself alive. With certain exceptions clubs cannot readily finance themselves from football alone. That is why successful fund-raising activities like our WEEKLY DRAW, SUPERCASH BINGO and THREE OF A KIND LOTTERY are a "must" — and we must face it, we CANNOT live without them!

For a football club to flourish it must have an active and successful Development Association. Will you continue to support the Wanderers fund-raising schemes to remain successful? Our agents do a tremendous job — but they need more and more help — we need more and even more agents each season.

If you are interested, ring the promotions office, Bolton 24518, or better still call in person — the staff will help you in every way possible and not only will Bolton Wanderers benefit from your agency — You will!

Today's match and ball sponsors . .

On behalf of everyone at Bolton Wanderers Football Club we would express our appreciation to EUROWAY CAR CENTRE, today's match sponsor and NAT LOFTHOUSE, today's Mitre Match Ball sponsor.

Certain types of sponsorship are still available for a number of fixtures, and full details are always available from the Promotions Office, Bolton 24518.

BWFC Official Travel Club

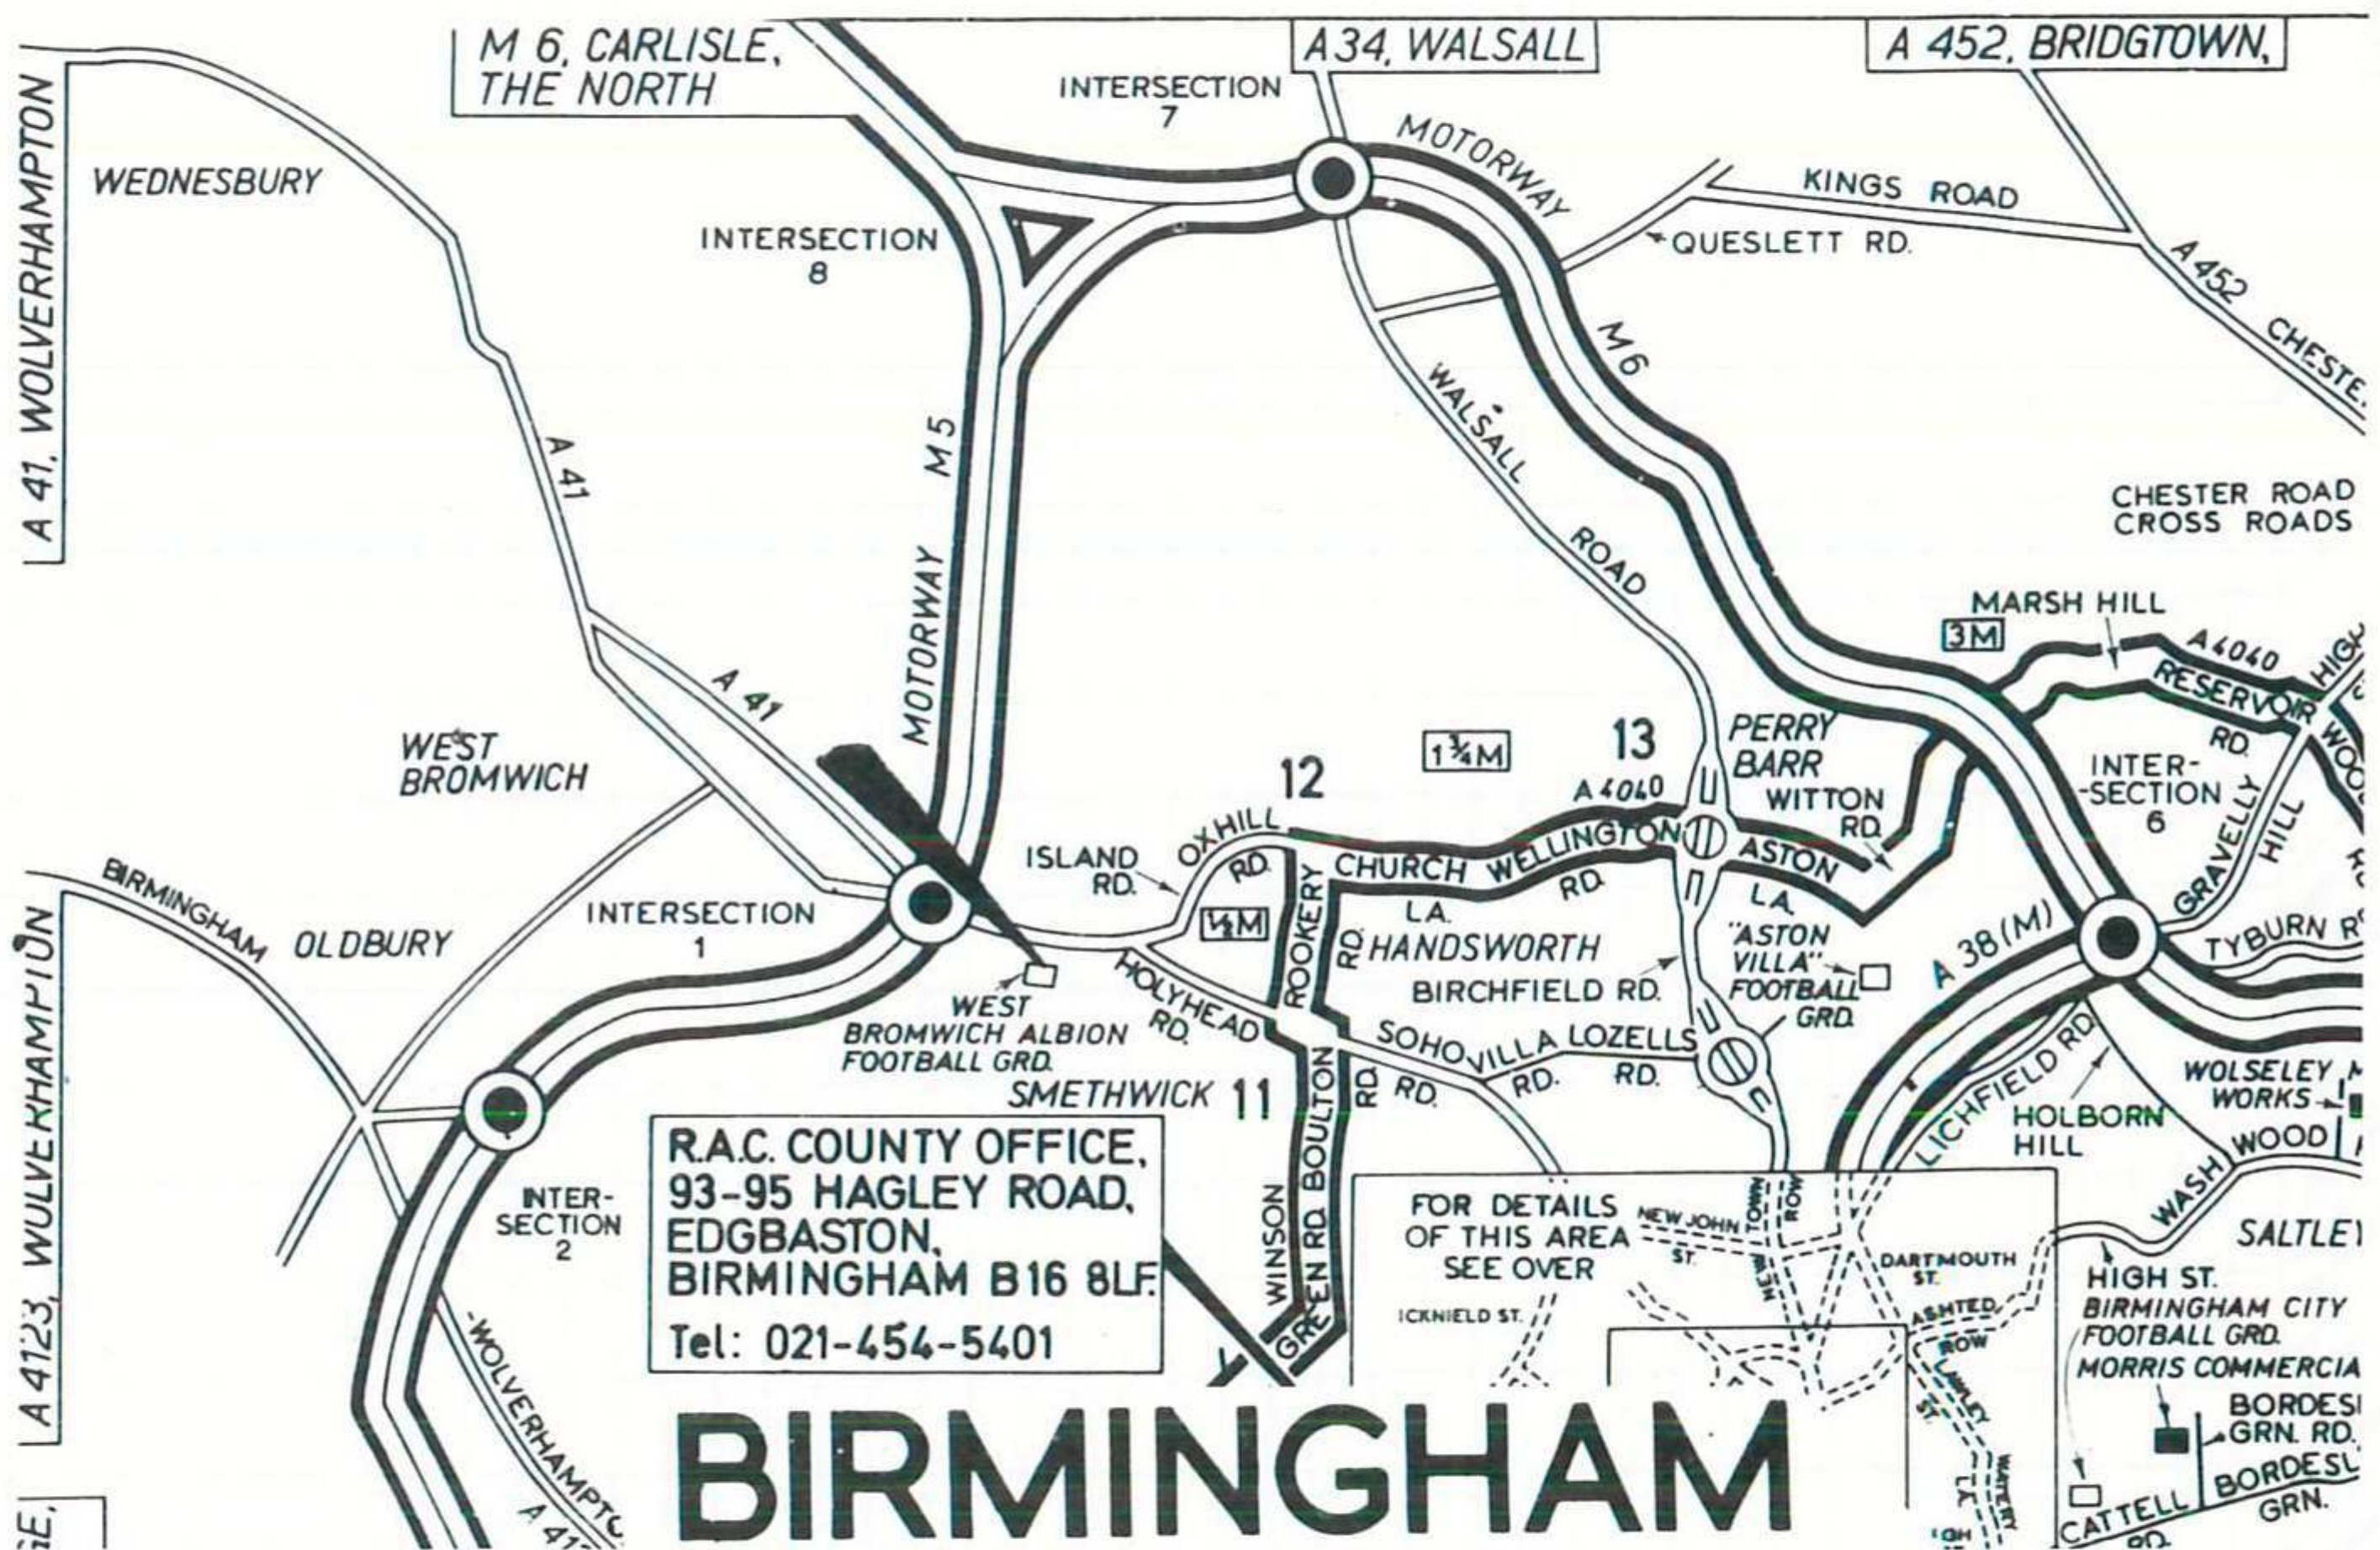

Anyone wishing to travel to away games as members of the official travel club must submit a passport-sized photo with 50p to the Promotions Office for membership.

This entitles them to travel on coaches or trains organised by Bolton Wanderers and supervised by official stewards.

Fans will be notified of forthcoming trips in the programme and bookings can be made at the Promotions Office.

How to get there

The R.A.C. have issued the following route for Bolton fans travelling by road to Saturday's match at West Bromwich Albion:

A666(M)/M61/M62 (follow 'Liverpool' and 'M6 South' signs) to Intersection 21a M6 at Croft (16 miles).

M6 south to Intersection 9 (Darlaston/Walsall) junction with A461/A4148 (92 miles).

A4148 (Walsall Ring Road) to A4034 (West Bromwich Road) (93 miles).

A4034/A41 to West Bromwich (98 miles).

Fans are asked to note that THE FOLLOWING DIRECTIONS APPLY UNTIL THE COMPLETION OF ROADWORKS ON THE M5 and the REOPENING OF INTERSECTION 1, M5.

Leaving M6 at intersection 9 take the first exit at the roundabout (left) into Bescot Road bearing right with Walsall Ring Road into Wallows Lane and Broadway.

Then take the first major road on your right, West Bromwich Road (A4034) and keep with this road (going right and immediately left in just over two miles) for 3 miles to the roundabout junction with The Expressway (A41).

Turn left then keep ahead on this dual-carriageway, over the motorway and The Hawthorns is on your right.
